## Education

- **Bachelor of Technology**  
Computer Science and Engineering  
Aditya College of Engineering  
CGPA - **8.85/10**  
2020 - 2024
- **Intermediate**  
Sasi junior college  
GPA - **10/10**  
2018 - 2020

## Skills

- **languages**  
CPP , Python, Java, C, SQL
- **Technologies**  
Html, CSS, JavaScript, NodeJs, ExpressJs, MongoDB
- **Competitive Programming**
- **Data Structures and Algorithms**
- **Problem Solving**

## Milestones

- **600+** problems in GeeksForGeeks.
- **600+** problems in LeetCode.
- **6 star** Problem-solving in HackerRank.
- **3 star** coder in codechef.
- **5 star** Python, CPP, SQL, C, Java.
- campus **Rank 5** in GeeksForGeeks.
- **100+** problems in codeforces.

## COMPETITIVE PROGRAMMER

## About Me

Computer Engineering student with excellent **problem solving** skills. **Competitive coding** trainee at TechinalHub. Passionate about coding and interested in participating in coding challenges.

## Projects

- **Student Face Log**

It is an intelligent system that captures real-time faces, compares them with known faces, and efficiently records the attendance of recognized individuals in a user-friendly Excel sheet, ensuring accurate and convenient attendance management.

Technologies : **Machine learning**.

- **Movie Recommendation system**

Enter the movie name, and get personalized suggestions for similar movies, complete with trailers and streaming platform availability at the click of a button.

Technologies : **Machine learning**.

- **Gaming-Website**

It has multiple games like Chess, Sudoku, TicTacToe, Block, and Snake for both single and multiple players, i used web-sockets to implement multi player experience in my project.

Technologies : **Html, Css, JavaScript, NodeJs, ExpressJs MongoDB, and Aws**.

## Internship

- **Programming Intern**

31-08-2023 - 31-01-2024

As a Programming Intern at Technical Hub, I taught **C, C++, and Python** to my juniors, helping them improve their programming skills through engaging lessons and hands-on coding sessions.

- **Product Development Intern**

12-02-2024 - Present

As a Product Development Intern at DarwinBox, I am gaining hands-on experience in backend development. During this internship, i successfully built a Gaming-Website using **NodeJs, ExpressJs** and **MongoDB**. This Project has helped me to enhance my skills in backend development.

## Certificates & Badges
