Education

B. Tech in Computer Science specialized in Artificial Intelligence and Machine learning, Aditya University   2023 - 2027

- CGPA: 9.03/10.0 (a link to somewhere)
- **Coursework:** Full Stack Development,Algorithms, Artificial Intelligence, Machine Learning, Database Management, Adavanced Data Structures.

Senior Secondary (XII), Sri Chaitanya Junior College,kakinada   2021-2023

- Percentage:92.50

Experience

Student Partner ,Internshala   Jan 2025 - Present

- Communication | Marketing strategies.
- Interned as a Student Partner at Internshala, promoting internship opportunities, enhancing communication and marketing skills. Insights gained into marketing strategies and student outreach.

Projects

Image viewer

- Developed an Image Viewer using JavaFX with support for multiple formats (JPG, PNG, BMP, GIF)
- Implemented image loading, zooming, rotating, and panning with drag-and-drop and file chooser integration
- Designed a responsive UI using FXML Scene Builder for a seamless user experience

To-do list

- Developed a To-Do List application using Python with task addition, deletion, and completion features.
- Implemented file-based storage (JSON/TXT/SQLite) to save and retrieve tasks persistently.
- Tools Used:Python, Tkinter/PyQt/Flask (UI), JSON/SQLite/TXT

tic-tac-toe

- Developed a Tic-Tac-Toe game using Java, supporting both single-player (AI) and multiplayer modes.
- Tools Used: Java, Swing/JavaFX (UI), OOP Concepts, Event Listeners.
- Designed an interactive GUI using Java Swing/JavaFX for a smooth user experience.

Technical Skills

Coding Languages: Java, Python, C , CPP

Developer Tools: Spyder, Jupyter, IntelliJ, VSCode

Database Skills: MySQL

Coursework: Machine Learning, Database Management, Adavanced Data Structures and Algorithms

Web Development: HTML,CSS,JavaScript

Machine Learning Implementation: Python for Machine Learning

Certifications

- CLA: Programming Essentials in C
- CLA: Programming Essentials in C++
- HTML and CSS Certification from Pearson
- Python course completion certificate by Cisco Networking Academy
- Oracle Java Foundations Certified
- Java course completion certificate by RedHat
- Introduction to Artificial Intelligence-NPTEL
